*The services available to small businesses often focus solely on communication and marketing, neglecting **the commercial aspect.***

On the other hand, public and institutional funding programs involve complex and confusing bureaucracy that discourages companies from applying.

*Starless (literally “without stars”) because **true quality lies within short supply chains and in those lesser-known, often overlooked realities.***

MISSION

- *Starless Wine is linked to local areas, having an interest in **contributing to the welfare of communities by enhancing their identity***
- *Starless Wine is able to offer tailor-made consultancy on different areas thanks to a **lean and solid structure due to the shared values of its collaborators***
